

HISTOLOGY PRICING

With each of the 4 tiers of service, you get our un-matched tissue quality. Please select the one that best meets your needs.

PLATINUM

This service is for orders that need to be processed and returned immediately. We will start processing your order upon receiving it. This return time depends on how many platinum orders we have received prior to yours and there size. Turnaround times can vary and does depend on our work load.

GOLD

This service is for small orders or if you're in a rush. Upon receiving your order it will be put next in the gold line for processing. This return time depends on how many platinum & gold orders we have received prior to yours and there size. Turnaround times can vary and does depend on our work load.

SILVER

This service includes our routine turn-around time with low prices. This return time depends on how many platinum, gold and silver orders we have received prior to yours and there size. Turnaround times can vary and does depend on our work load.

IRON

Our least cost service. If your in no hurry and can wait for your project, then this service is for you. Turnaround times can vary and does depend on our work load.

We do our best to complete jobs as fast as possible, all service levels are estimated turnaround times.
